

Sunday now don't get scared if  
you see me for it is a dead man  
alive and if you see any thing  
like that in your town you  
must not run for it will be me  
myself. and you can guess  
what it is when you see,

O well Sweet heart I will close  
hoping to hear from you again  
before you leave and answer  
as Brief as possible,

I am your Best Friend  
and Real admirer  
With Love, as Ever
